The Family and Juvenile Law Society is an organization committed to encouraging, educating and promoting awareness on Family Law issues. FJLS provides students with networking opportunities with local Judges, Attorneys and students. The FJLS is not limited to students interested in practicing Family Law. We encourage all students to learn about the different hot topic issues that come up in all aspects of the legal environment. This organization allows students to gain a different perspective on hot topic issues such as Same-Sex marriage, Wills and Trust, Divorce, Child Custody, Arbitration and more. In addition, FJLS will award a scholarship to a FJLS member during the Spring Semester. Please visit our table at the organizational fair on Sept. 2nd and 3rd and come to the informational meeting on Tuesday September 16, 2009 at 11:45 am to learn more about our organization. We look forward to seeing you there.
